

# Overview of Service Changes

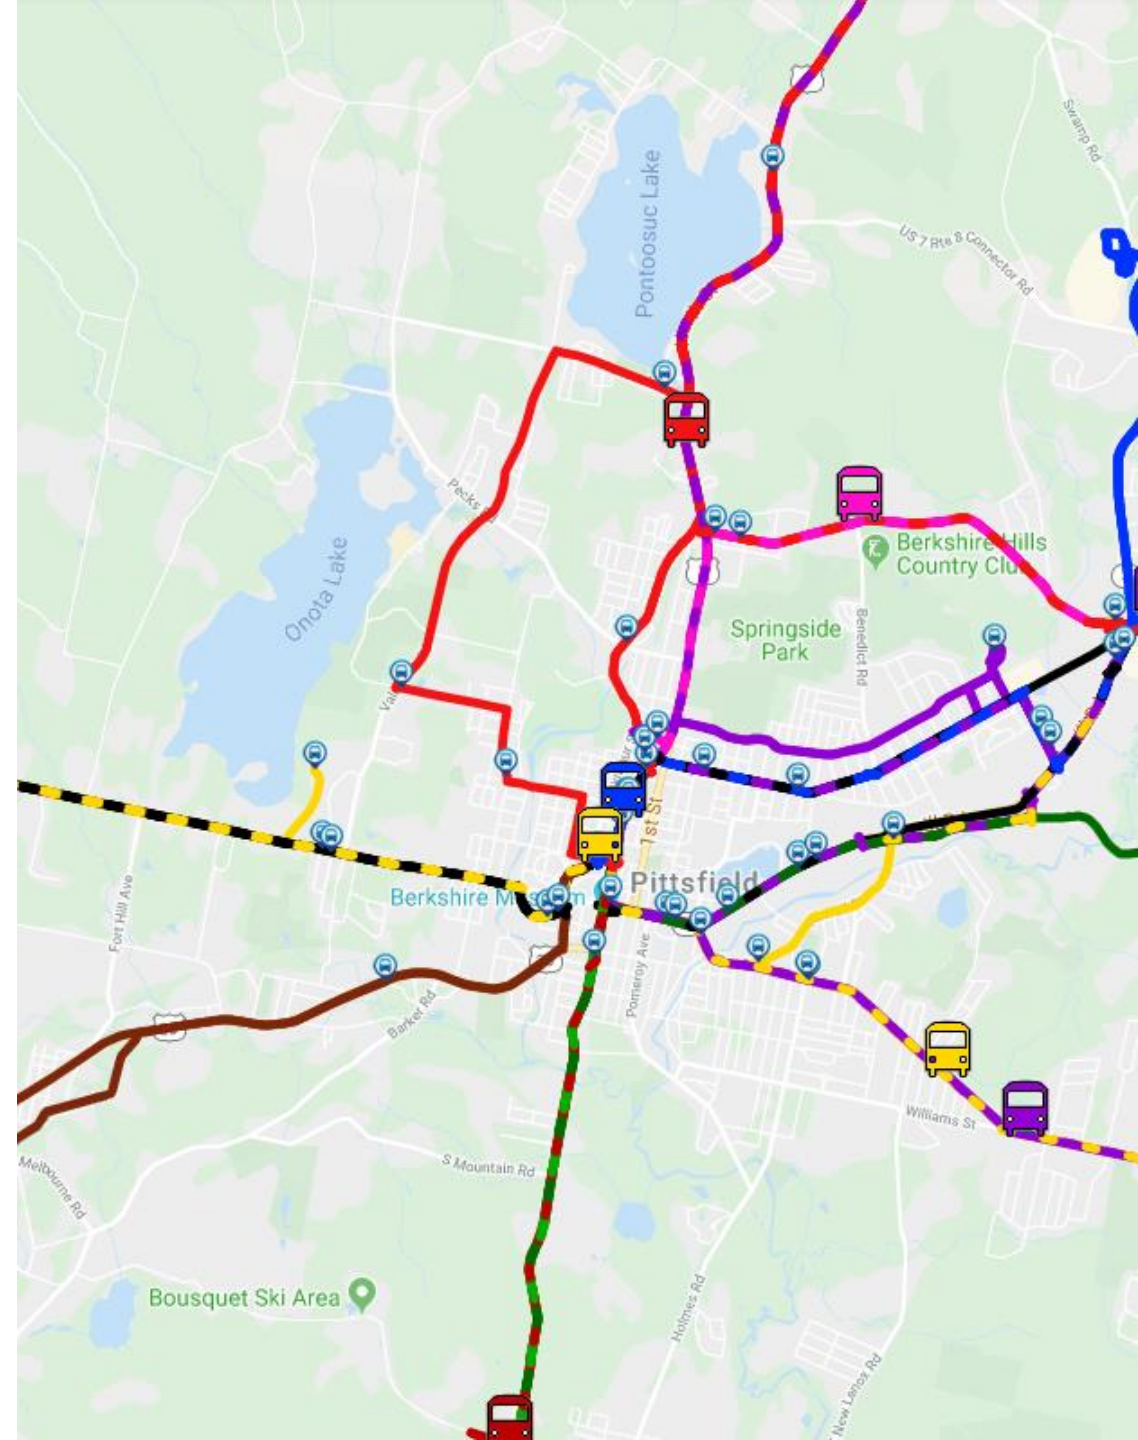

Effective December 30, 2019

# What is BRTA?

## Overview of the Authority

Berkshire Regional Transit Authority (BRTA) is one of eight original regional transit authorities created in 1974. Today, twenty-six Berkshire County municipalities are members of the Authority. Each member community is represented on the Advisory Board that governs services. Every member community has a vote on the Board. BRTA is headquartered in Pittsfield at the Intermodal Transportation Center (ITC) on One Columbus Avenue.

# Data-driven Decision Making

Providing service designed to meet our community's needs.

BRTA continually evaluates the performance of all bus routes and services. Areas of success may be highlighted, while other aspects of services may be revised. Currently, BRTA is very excited to offer new bus routes, extended evening hours, and other revisions designed to improve our customer's travel experience. With every decision, community feedback is incorporated via surveys, meetings, and comments received throughout the year.
