

# **Approved Service Changes - FY 23**

**Berkshire Regional Transit Authority (BRTA)**

Changes will become effective Friday, July 01, 2022

**Part 1 of 2**

# Goals of FY 23 Service Changes

**With these planned service changes, BRTA will be:**

- Maintaining as many successful pilot evening services as possible, even given that BRTA's current pilot service grant funding expires on June 30, 2022, without a replacement source.
- Maximizing customer use of existing services through improved scheduling and connections between BRTA routes; a priority identified in recent customer surveys.
- Maintaining as much service as possible, within BRTA's projected funding and staffing constraints during the new fiscal year.
- Revising BRTA service to support future electric vehicle procurements.
- Revising BRTA service to accommodate new potential service types such as express buses, regional buses, and micro-transit options in future service plans. These are priorities identified in recent customer surveys.
- Planning a “micro-transit”, non-fixed route, public transit option within existing resource constraints.
- Continuing to develop Main St North Adams as a northern mobility hub for BRTA .
