Route Realignment Proposal

FIXING RELIABILITY FOR OUR CUSTOMERS

Proposal

Summary

The Berkshire Regional Transit Authority (BRTA) is proposing targeted service adjustments to stabilize daily operations, reduce service cancellations, and support the launch of future regional connectivity service. This proposal aligns service levels with current staffing availability while preserving core mobility and introducing mitigation strategies to maintain countywide connectivity.

Staffing & Reliability Context

BRTA currently operates 36 weekday runs with 26 available drivers, resulting in 10–13 open runs available for coverage each day. The proposed plan reduces weekday service to 30 runs while maintaining 26 drivers, reducing open runs available for coverage to approximately five per day.

Staffing Coverage

Day	Scenario	Runs	Drivers	Open Runs Available for Coverage
Weekday	Current	36	26	10–13
Weekday	Proposed	30	26	5
Saturday	Current	20	15	5
Saturday	Proposed	20	15	5

Realignment Proposals

Services Changes

Mitigation & Service Preservation

- Elimination of Routes 1A, 2A, 21A, and 921.
- Evening service reductions on select routes, using data driven decisions, where ridership declines.
- Elimination of Route 14 now serviced as an extension of Route 12 to 8:55 PM.
- Route 21(B) operates as an all-day South County Loop with extended evening service.
- Route 34 concludes service at 8:15 PM with last inbound trip as Route 1 ending at the ITC at 9:25 PM before returning to the garage.
- BRTA will introduce Route 999, a limited-stop regional connector preserving north–south county mobility through Cheshire, Adams, North Adams, Lenox, Lee, and Stockbridge.
- During ITC layovers, Route 999 will operate the 912 Pittsfield Walmart Express at 8:15 AM, 11:15 AM, and 2:15 PM, using existing downtime to serve a high-demand destination with additional resources.
